

PETITION

This is a petition in support for Schuylkill County Representative Neal Goodman and others to enact House Bill No, 442 for stiffer penalties for animal abusers.. House Bill No. 442 is proposing that animal abusers be arrested on the spot, fined \$2,500 and possibly five years in jail. All animals do not deserve inhumane treatment.. They are innocent creatures and the person/persons responsible should and must be accountable for their acts of abuse of animals.

This petition will not be used for solicitation purposes but will be forwarded directly to Representative Mr. Goodman, We must stand behind him and support this new proposal to be enacted into law. Now is the time act !!!. *Signatures could mean success.*
