There has Never Been a Better Time to Adopt!

Although we are currently living through unique circumstances, many individuals have found that there is no better time to adopt a furry new friend than right now! People are home with plenty of time to train a new pet and help them adjust to their new surroundings. The excitement of bringing a new animal into our lives can help us focus on something other than the overwhelming news. Lastly, animals can be a tremendous source of comfort and support during times of stress.

From now through July 1, 2020, Hillside SPCA will accept online applications for adoptions, telephone interviews with prospective adoptive families and will make arrangements to transfer animals to their new homes while adhering to social distancing guidelines.

Check our available pets at www.hillsidespca.org.

Trap, Neuter, Release

Animal shelters can easily become over populated with cats, many of which come from feral "community cats", unable to trust humans. These cats can exhibit wild, shy or frightened behavior, and it is impossible to predict how or if they will ever acclimate to indoor life. This can make it very difficult for shelters, such as Hillside, to get them vetted and able to be adopted. Feral cats are also susceptible to more illnesses in shelters.

The most efficient and humane way to help feral colonies stay under control is with a trap, neuter, release (TNR) process. The TNR method humanely traps community cats, has them spayed/neutered, vaccinated against rabies, and then returned to their colony to live out their lives. Euthanizing feral cats has NOT proven to be an effective population control measure. Once a feral cat is altered by a veterinary professional, their ear is tipped so people know this cat is being taken care of.

TNR helps to stabilize the population of community colonies and, over time, reduces them. Nuisance behaviors such as spraying and fighting are largely eliminated and no additional kittens are born.

Locally, Greys and Strays, greysandstrays@Comcast.net and No Nonsense Neutering (866) 820-2510 offer TNR Programs.

Finally Adopted!

After waiting FOUR long years at the Hillside SPCA, Cookie's day FINALLY came! The staff could never understand why so many cats came and went, while Cookie waited patiently. With her beautiful face and sassy personality, she was certainly a staff favorite! We are very grateful for her new family, both two and four legged, for welcoming Cookie home and giving her all she deserves!

Cruelty Cases *with Happy Endings*

Over the past few months, Hillside SPCA has responded to a few high profile cruelty cases that have taken a financial toll on Joe and Caroline's Fund.

One case in particular was Barbie, a Golden Retriever. Hillside gained possession of this pitiful dog, near death's door. At just 16.8 pounds, we hadn't seen anything quite so horrifying in a long time. Barbie, as we began calling her, was the image of a dog you would only see on those sad and depressing national commercials, a broken-down dog, skin over bones—hopeless, frail and almost lifeless.

Thanks to emergency intervention, Barbie beat the odds and came back strong. She is not only doing well, but is **THRIVING!** Her current weight is 34 pounds! That's right, she more than doubled her body weight in just two months. We know with our whole hearts that Barbie, now renamed Reba, had special help from her Guardian Angel, Barbara Umlauf. Welcome to your new life, Reba. We did it!

Due to the COVID-19 outbreak, her abuser has NOT been brought to justice just yet. The case has been delayed, but watch for updates online.

Arnold was a sweet lab mix that was found roaming as a stray. He weighs less than half of what he should weigh. His hip bones and all of his ribs are easily visible. He cowers when you reach out too quickly to pet him. Though his story has been shared hundreds of times on Facebook, no one has come forward to identify him. We would love to find his owner and press charges for the clear neglect of this dog. Arnold deserved so much better. He saw a vet as soon as we got him and she agreed he should not look the way he did. Fortunately Arnold found his way into the hearts of a new family and is doing well with them. We hope he forgets his past and enjoys many happy days ahead.

Finally, there was the story of Raymond, who would not be here if it were not for the bravery of good Samaritans, who saw something and said something! Raymond is an 11 year old husky mix who had a severe staph infection. His nails were so overgrown that they curled and corkscrewed and faced upward. Both ears had infections and he is missing most of his fur. I cannot imagine the discomfort he was in. Thankfully his conditions were treatable and Raymond is recovering. Hillside cannot thank the ladies who reported his condition to us enough. To the family who adopted him because of his condition and because he is a senior, you are his heroes, and you are amazing!

Joe & Caroline's Fund

The generous donations to Joe and Caroline's fund enable Hillside to provide expensive and critical medical care for countless animals, like the ones recently found in the woods outside Minersville. Hillside employee, Haley Weist, responded to a cruelty call regarding six abandoned cats/kittens that were left locked up in a rabbit cage deep in the woods. Had it not been for Haley and a group of friends, they never would have been rescued. All 6 had to be spayed/neutered, vaccinated, and tested for feline aids/leukemia. Sadly, we never found out who abandoned these sweet kitties, and only one has been adopted, so far. Hillside is able to work with law enforcement to ensue that abusers like this are brought to justice. Anyone with information is encouraged to come forward!

These animals were all given a chance because of you, because of Joe and Caroline's Angels. You are an army of animal lovers and we would be lost without you. I promised Barbara that I would do all I could to keep Caroline & Joe's Fund alive. If you can help, please donate, for me, for Barbara, and for animals who depend on you. Thank you from the bottoms of our hearts.

EVERY DOLLAR MAKES A DIFFERENCE

We are funded almost entirely through donations. Every single dollar donated is spent for the benefit of animals in our area. **YOUR** generosity is what keeps our doors open allowing us to treat, shelter, feed, and love the many who come to us in desperate need of a second chance.

They need you.

Please show them you care TODAY!
