Capital Campaign Progress...

We are eight months into the Capital Campaign and have raised over half of our original goal. The new Welcome center was completed in December and the Surgi-Center is tentatively scheduled to be completed in early May. This is a huge accomplishment and fulfills the life long dream of Barb Umlauf, to have an onsite Spay/Neuter Clinic. We intend to open the clinic to the public one to two days a week and then expand to more days. It is a work in progress, as you can imagine.

The Shelter still has a way to go, as we still need to replace 38 kennels, as well as the cat room floor, windows, doors, and ceiling fans, and also renovate the Julian Building. Inflation has driven the cost of everything way up so materials have been much more expensive than initially anticipated, but we will keep trying to complete the renovations as long as the public continues to come through for us. Your donations and support have been nothing short of amazing, so thank you for helping us make the shelter a warmer, safer, brighter, more up-to-date facility. We could not do it without all of our amazing supporters. We wanted to update everyone on our progress thus far and thank you for your heartwarming and amazing response.

Your support for the last 38 years of the Hillside SPCA is the reason the doors are still open. From the bottom of our hearts and paws, thank you, for always being there for us in our time of need. The Hillside SPCA supporters are truly amazing.

Maggie Finds a Forever Home

Maggie came to Hillside on 1/17/17 as a stray. We believed she was about a year old. One year-old dogs are supposed to be happy and carefree. Maggie was starved, jaded, untrusting and terrified. With time, love and patience she opened up to the staff and quickly became a favorite. Maggie met several potential adopters over the years, but none were willing to put in time it would take for Maggie to warm up to them. They simply moved onto the next dog.

Maggie caught the eye of one of our Cat Side employees, Nora. She started spending her lunch breaks and after hours with Mags, they became best friends. Nora started bringing her family to meet Maggie. She was determined to bring Maggie home! On Friday, 3/24/23, Maggie got her long overdue Freedom Ride! Thank you to her new family for taking the time and giving Mags the life she deserves. Six years, 2 months and 7 days...that's how long Maggie Mae waited for her forever to come.

Maggie & Family

Fostering Saves Lives

Fostering is a great way to free up space in shelters so that more animals may be assisted and provide animals with the socialization skills they need to secure a forever home.

Many abandoned pets have been without human contact for a long period of time and can manifest what seems like aggressive behavior. A compassionate and patient Foster Family can help an animal acclimate to the expectations of living in a home and gain experience with people so they are less fearful of strangers. The diverse social situations makes the animals much more adoptable. Finally, fostering saves lives! With thousands of pets being killed by shelters across the country, fostering a pet can save lives by give a pet a second chance.

If you're interested in becoming a foster, you're also in for many benefits. First of all, fostering gives you a temporary opportunity to enjoy the company of a pet. This can also give you an idea if you're ready to get another pet or to welcome a pet into your home if you're unsure. Fostering makes you feel fulfilled! Who wouldn't love waking up every day knowing they gave an animal a second chance?

If you're interested in becoming a foster, reach out to Hillside SPCA and ask to learn more.

Spazzy

When you google “Spazzy”, the search says “out of one’s mind” and I think that’s actually referring to everyone who doesn’t absolutely adore this girl! Affectionately known as Spaztastic, she has been looking for a home since August of 2022. Each of her first two families abandoned her and she was failed by two other rescues before landing at Hillside.

We know there is a forever home just waiting for this active, fun loving girl! While Spazzy is a couch potato in her kennel, she’s apparently a fence climber in a yard so she would need a home that is able to make sure she is secure and that Spazzy can’t outsmart the fence. She loves chewing on busy bones and playing with her toys. She loves snuggles in her kennel and loves everyone she meets. No walk seems long enough for Spazzy, so maybe a running or hiking family would be a great fit! Spazzy isn’t the right dog for everyone, but she is the perfect dog for someone and we are hoping that family comes along soon!

There is a home for everyone!

Bam Bam was found by a staff member outside our cat building. After several attempts trying to get her, we had to set a trap. Thankfully, it was successful and she has been with us since 11/30/21. She was dirty, underweight and had ticks on her neck. We earned her trust quickly, but also learned she was not a fan of cats or dogs! This is how she then became our office cat. She adapted well to having her own space and became loved by everyone she met. Seeing her so happy, relaxed and stress free was heartwarming.

We knew finding Bam Bam a home would be challenging due to the fact that most people have at least one pet and she would need to be the only one. Finally, after fifteen months, a family with no other pets came in. We somehow knew this was going to be her big day. Bam Bam put on her charm and won over their hearts in no time. Seeing her leave to start her new journey was priceless. Remember, there is a home out there for all shelter animals. For some it just takes a little longer!

EVERY DOLLAR MAKES A DIFFERENCE

We are funded almost entirely through donations. Every single dollar donated is spent for the benefit of animals in our area. **YOUR** generosity is what keeps our doors open allowing us to treat, shelter, feed, and love the many who come to us in desperate need of a second chance.

They need you.

Please show them you care TODAY!
